Subject: RE: RMBS Trustees Request for Covered Loans in the Covered Trusts: In re Lehman Brothers Holdings Inc. - Case No. 08-13555 -- CHASE

Ryan, The RMBS Trustees thought it would help servicers to have a priority list of loans for which we have requested certain servicing information. As noted in the RMBS Trustees' June 15 letter, Lehman has demanded certain servicing information and said servicers should be able to provide it on Excel spreadsheets. Lehman has insisted on the servicing information—whether on Excel spreadsheets or the documents showing the payment histories, expenses and loss certification—before it will review the loans our review firms have determined have material breaches.

The priority list is attached. The priorities are broken out into a 3 buckets and sorted in the order of importance. The Priority 1 and Priority 2 Buckets are further broken out by liquidated and active loans. The 3rd bucket, titled "Exclude," are the loans for which we no longer require this servicing information.

We would like to arrange a call to answer any questions as to exactly what is needed. We can do that with Edmond Esses of Duff & Phelps, the RMBS Trustees' financial advisor. His contact information is:
